EXPERIENCE

Teslon Technologies Pvt Ltd **June 2024 – Present**

Software Engineer I | Bengaluru

- Built real-time ICU telemetry pipelines: HL7 monitor and ventilator messages to JSON, streamed over MQTT into MongoDB.
- Integrated HL7 v2 over TCP so live bedside vitals reach the hospital monitoring gateway.
- Mapped clinical observations and patient demographics to HL7 FHIR for EHR / HIS interoperability.
- Implemented WebRTC clinical video with picture-in-picture for remote specialists.
- Used Redis locking and idempotent REST APIs on booking and payment flows to prevent double-booking and duplicate charges.
- Delivered teleradiology / DICOM / PACS workflows (study dispatch, DICOM viewer, radiologist review, reports).
- Built Redash dashboards and MongoDB aggregations for screening-camp operations.

Nirosol Solutions Pvt Ltd (Freelance) **May 2023 – May 2024**

Associate Software Developer | Bengaluru

- Built and fixed WPF desktop UI screens, including layout, styling, and navigation flow.
- Worked on a POS application using Android XML layouts, repairing screens and frontend navigation.
- Resolved UI bugs and checkout / workflow issues across WPF desktop and Android POS.
